

U-MULTIRANK 2021

Polish Universities in Global Comparison

U-MULTIRANK 2021

U-Multirank is a unique, multi-dimensional and international ranking of higher education institutions. It compares university performance across teaching and learning, research, knowledge transfer, international orientation and regional engagement. It is the largest and most inclusive ranking showcasing the diversity in higher education around the world. It is not a league table and does not use composite indicators, nor reputation weights. Therefore, there is no one best university in U-Multirank. The performance of a university is presented with individual scores – graded from 'A' (very good) to 'E' (weak) across the different areas.

U-Multirank's 2021 edition presents data on 40 Polish higher education institutions. For the full list of all universities from Poland included in U-Multirank, please visit our [website](#).

AT A GLANCE: HOW DO POLISH UNIVERSITIES FARE IN U-MULTIRANK?

- The 2021 edition of U-Multirank presents data on 40 Polish universities.
- In U-Multirank, Polish universities score strongest in the dimension of Regional Engagement.
- The U-Multirank top performers having a number of top-group positions ('A' scores) from Poland exhibit diverse profiles: amongst them are comprehensive universities, technical universities as well as medical universities.
- The universities with the highest number of 'A' scores are SGH Warsaw School of Economics (11), SWPS University of Social Sciences and Humanities (11) and The Medical University of Warsaw (10).
- Maritime University of Szczecin is listed among the global 'Top 25 Performers' in Co-publications with Industrial Partners.

WHICH ARE THE TOP PERFORMING UNIVERSITIES IN POLAND?

SGH Warsaw School of Economics received the highest number of 'A' (very good) scores on the institutional level for Poland in 2021.

In this section we highlight the universities receiving the highest number of 'A' (very good) scores on the institutional level for the respective country.

Although the number of 'A' scores shows top performance for the respective university, it does not imply one university is the 'best' in the country, as each university profile highlights different strengths.

Polish universities with the highest number of overall top scores in 2021	Total 'A' scores 2021	Total 'A' scores 2020
<u>SGH Warsaw School of Economics</u>	11 ↑	9
<u>SWPS University of Social Sciences and Humanities</u>	11 ↑	8
<u>The Medical University of Warsaw</u>	10 ↑	7
<u>AGH University of Science and Technology in Krakow</u>	9 ↑	4
<u>Jagiellonian University in Kraków</u>	9 ↑	5
<u>University of Information Technology and Management</u>	9 ↑	8

The list includes different profiles of institutions: comprehensive universities, as well as business schools and technical universities.

WHAT ARE THE PERFORMANCE PROFILES OF POLAND'S TOP SCORING UNIVERSITIES?

Using our unique sunburst chart, a clear picture is shown of the university's overall performance (the longer the bar, the higher the score).

HOW DO POLISH UNIVERSITIES PERFORM GLOBALLY?

Polish higher education institutions perform strongest in U-Multirank's Regional Engagement dimension.

Above or below average?

In this section we highlight the overall performance of Polish universities on the institutional level per U-Multirank dimension.

The below table shows the national breakdown of Polish universities and how they stand across the spectrum of above average (receiving a score of 'A' (very good) or 'B' (good)), or below average (receiving a score of 'D' (below average) or 'E' (weak)). In doing so, U-Multirank offers a clear picture on the countries strengths, and areas for improvement.

WHAT IS U-MULTIRANK?

U-Multirank is a multidimensional, user-driven approach to international ranking of higher education institutions. It compares the performances of higher education institutions – in short: universities – in the five dimensions of university activity:

(1) teaching and learning, (2) research, (3) knowledge transfer, (4) international orientation and (5) regional engagement.

The U-Multirank web tool enables comparisons at the level of the university as a whole and at the level of specific study programmes. Based on empirical data, U-Multirank compares institutions with similar institutional profiles ('like-with-like') and allows users to develop their own personalised rankings by selecting indicators in terms of their own preferences.

Based on the results of a feasibility study covering 150 universities which was carried out in 2010/11, the European Commission decided to fund the implementation of U-Multirank. This roll out is carried out by a consortium led by Professor Frans van Vught of the Center for Higher Education Policy Studies (CHEPS), University of Twente in the Netherlands and Professor Frank Ziegele of the Centre for Higher Education (CHE) in Germany as well as the Centre for Science and Technology Studies (CWTS) from Leiden University and Fundacion CYD. U-Multirank is funded by the European Commission, the Bertelsmann Foundation and Banco Santander. The consortium also works closely with a range of national ranking partners and stakeholder organisations.

The work of the U-Multirank consortium is overseen by an Advisory Board.
